NEWS RELEASE

WORKING GROUP STATEMENT: Settlement of the Silicosis and TB class action

The companies last year announced amounts that each has provided for, as the estimated cost to each of the settlement, based on actuarial assessments. These amounts total approximately R5 billion. As the Working Group statement indicates, the agreement is still subject to ratification by the High Court.

We look forward to the successful conclusion of that process. Once that and certain other conditions precedent are concluded, it will be possible fully to withdraw the appeal in the Supreme Court of Appeal of the Johannesburg High Court’s class certification judgment delivered in May 2016.

AngloGold Ashanti welcomes the settlement which represents a fair outcome for claimants and a sustainable outcome for the companies.
