FOR THE PRESENTATION ON A DETAILED GEOLOGICAL AND OPERATIONAL UPDATE OF THE SUNRISE DAM GOLD MINE

BY MICHAEL ERICKSON
SENIOR VICE PRESIDENT AUSTRALIA

A discussion on the renaissance of one of
Australia's most significant gold operations

The presentation will focus on the pathway to realising the full potential of this world-class gold deposit through a refined mining strategy, innovative grade control and resource definition drilling, metallurgical recovery improvements and exciting new exploration results.

Date: Thursday, 5 July 2018

Dial-in details: see below
