

2010 Annual General Meeting

AngloGold Ashanti 2010 Annual General meeting

Scorecard – Delivering on our commitments

Great strides made on the financial restructuring of the company...

Objectives – 2009	Progress – 2010
Achieve longer-term tenor in the balance sheet	<ul style="list-style-type: none"> ✓ Moody's and S&P awarded investment-grade credit ratings. ✓ Issued \$700m 10-year bonds, \$300m 30-year bonds in April. ✓ Three-year, \$789m mandatory convertible bonds in September.
Refinance revolving credit facility	<ul style="list-style-type: none"> ✓ Four-year, \$1bn RCF secured with banking syndicate in April.
Opportunistically reduce hedge book	<ul style="list-style-type: none"> ✓ Hedge book eliminated on 7 October, ending discounted gold sales. ✓ AngloGold Ashanti now has full exposure to the gold price. ✓ Enhances profitability and cash flow potential.
Roll-out Safety Transformation Project	<ul style="list-style-type: none"> ✓ Safety Transformation Project launched in Johannesburg in May. ✓ 22 Global Safety Standards agreed and development of guidelines to support implementation under way. ✓ Concepts from guidelines on Hazard-, Risk- and Incident Management embedded in design of BPF.

...while long-term safety trends remain on an improving trajectory.

Scorecard – Delivering on our commitments

Project ONE rollout underpins the fundamental improvement at an operating level...

Objectives – 2009	Progress – 2010
Accelerate Project ONE roll-out	<ul style="list-style-type: none"> ✓ Implemented at 15 sites, adding to eight that went live in 2009. ✓ There are 145 people engaged in the roll-out of the programme. ✓ Early successes at Geita and Mponeng Plant followed with initial successes at South African operations.
Reposition South African operations	<ul style="list-style-type: none"> ✓ Robbie Lazar appointed Executive Vice President: South Africa to lead the repositioning of those assets. ✓ 'Three-horizon' strategy adopted to ensure immediate turnaround, optimise processes and look to technological breakthroughs to secure their long-term future.
Continue operational recoveries at Geita, Obuasi	<ul style="list-style-type: none"> ✓ Geita improved production 31% and improved costs by 19% with further gains seen in 2011. ▪ Obuasi remains a challenge, with development rates and ore-pass hang-ups affecting production and costs. ▪ Production affected by suspension of operations in the first quarter in order to address water balance issues. ▪ Learning from the experience at Geita, a multi-disciplinary task team will lead recovery.
Entrench recoveries in Brazil and Argentina	<ul style="list-style-type: none"> ✓ AGA Mineração and Cerro Vanguardia entrenched position as lowest-cost mines. ✓ Expansions progressing after receiving approval from the board.

...with operations in Ghana the key objective for improvements in 2011.

2

Scorecard – Delivering on our commitments

Key turnarounds have been consolidated in the Americas...

Objectives – 2009	Progress – 2010
Ensure Cripple Creek & Victor recovery	<ul style="list-style-type: none"> ✓ Revised pad-stacking strategy yielded good results with the mine posting a strong recovery. ✓ Base set for expansion with studies under way to test the viability of high-grade milling circuit to boost production.
Progress projects through development pipeline	<ul style="list-style-type: none"> ✓ Tropicana deposit in Australia, first greenfield project in more than a decade, approved by board. ✓ Córrego do Sítio deposit, in Brazil, was also approved. ✓ Prefeasibility studies progressed for the Gramalote project in Colombia, and feasibility studies for the Kibali and Mongbwalu projects in the Democratic Republic of the Congo were advanced.
Advance exploration targets	<ul style="list-style-type: none"> ✓ Conceptual studies and resource definition are under way at Boston Shaker and Havana Deeps targets in the Tropicana belt, La Colosa, Quebredona, Rio Dulce and Salvajina in Colombia, as well as Hutite in North Africa. ✓ Drill testing is under way at Malrok and Kanosak in Canada, LaMbouli in Gabon and at the Vulu and Tango sites in the Solomon Islands.
Build Colombia's resource potential	<ul style="list-style-type: none"> ✓ Drilling resumed at the La Colosa site in Colombia in August, bringing welcome progress to the gold industry's most significant virgin discovery of recent times.

...while our project and exploration teams are securing our long-term future.

Safety transformation continues to yield improved statistics...

Monthly fatal incidents

1 January 2006 – 30 April 2011

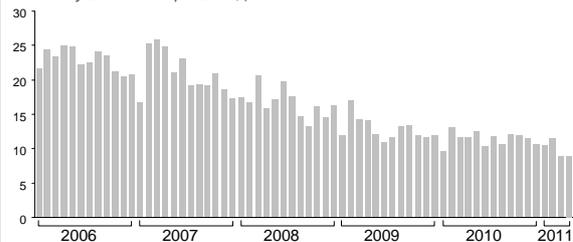

- Single fatalities at Great Nologwa and Obuasi.

- South Africa has one fatality in seven months.

All injury frequency rate

1 January 2006 – 30 April 2011, per million hours worked

- Lowest all-injury statistics on record.

- Project ONE will drive and support continued improvements.

...with a step-change emerging in South Africa.

2010 Update...financial foundations rebuilt

Major financial risks removed...

	Past	Present	Result
Hedge Commitments	12Moz	Zero	<ul style="list-style-type: none"> Balance sheet risk eliminated. Full exposure to spot gold price.
Hedge mark-to-market	-\$5.4bn	Zero	<ul style="list-style-type: none"> Enhanced cash flow and returns. Capacity to self-fund organic growth.
International Debt Rating	None	Investment Grade	<ul style="list-style-type: none"> Longer maturities improve funding platform
Debt maturities	Imminent	Four, ten, thirty-year	
Net Debt	\$2.4bn	\$1.3bn	<ul style="list-style-type: none"> Almost halved despite funding hedge closeout
Net Debt /EBITDA	2.3	0.7	<ul style="list-style-type: none"> Improved by 70%
ROCE*	< 5%	19.6%	<ul style="list-style-type: none"> 15% hurdle drives capital discipline

*unhedged; Above include Non-GAAP measures

...providing the foundation to drive value creating growth.

6

Dividend

Final dividend 80 South African cents per share

up 23% on interim dividend

up 14% on 2009 final dividend

Full year dividend 145 South African cents per share

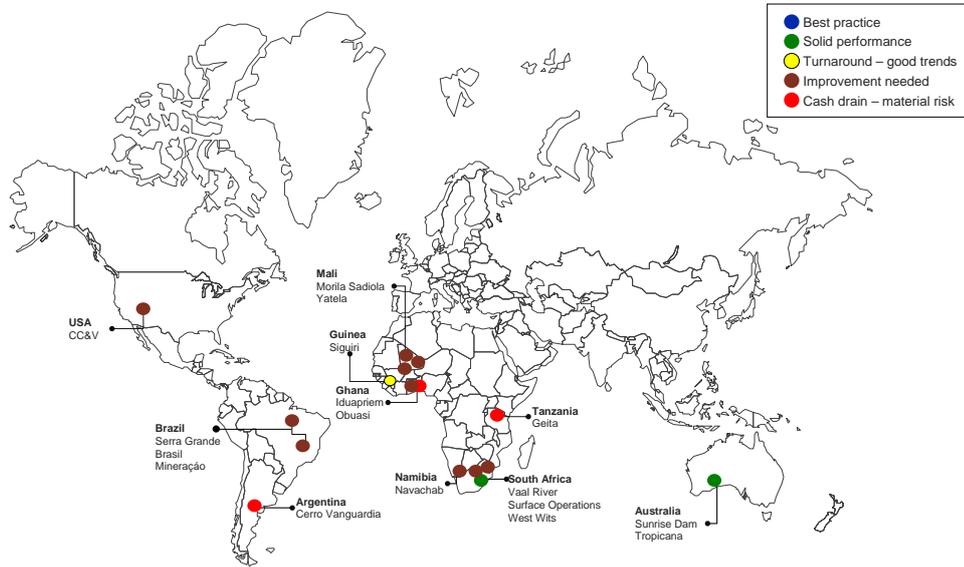

up 12% on 2009 full year dividend

7

Operations delivery: Portfolio assessment in 2008

Focused on rebuilding performance...

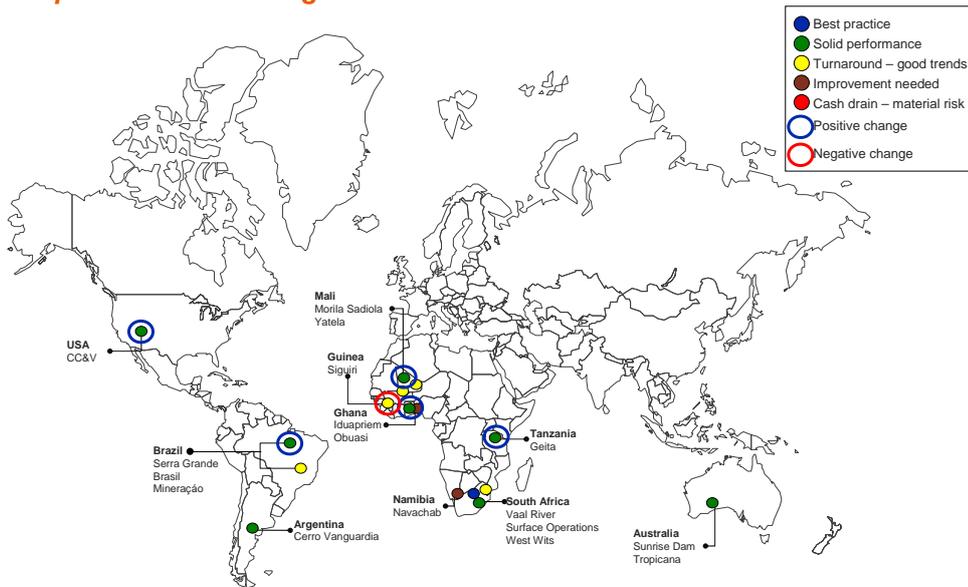

...we assessed where we were on delivering to our potential.

8

Operations delivery: Portfolio assessment in March 2011

Portfolio improvements are tangible...

...and our current portfolio assessments see more opportunities.

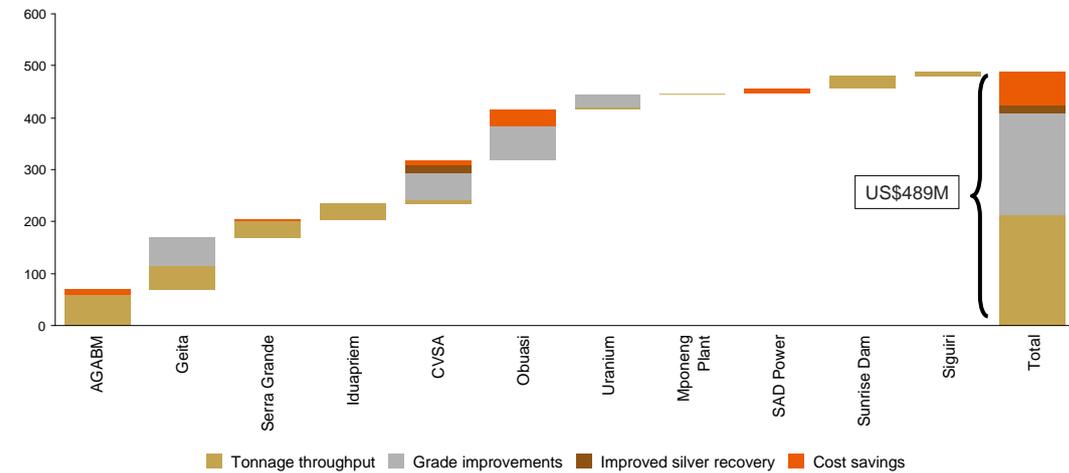

9

Tracking ahead of targets...now over \$500Mpa

We've already met our five-year operations improvement cash flow targets...

Impact of business improvements on annual operating cash flow*

\$m

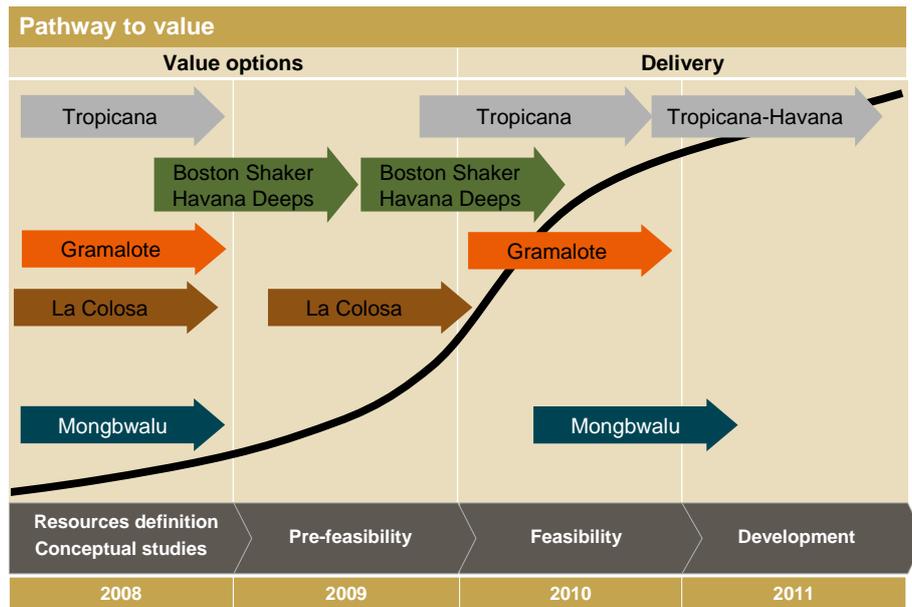

*Pre-tax

...and are working to repeat this achievement in the next 3 years.

10

Advanced exploration pipeline

Late stage exploration projects are moving through the pipeline...

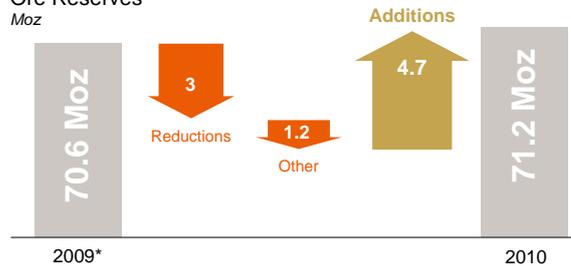

...and will begin to deliver real value to the business.

11

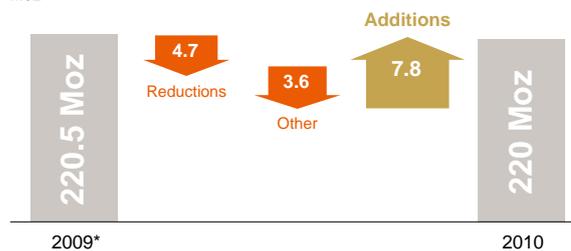

Reserves & Resources

Continuing track record of replacing production...

Ore Reserves
Moz

Mineral Resources
Moz

- Brownfields exploration has added 31Moz since 2006 at \$13/oz.
- Reserves calculated at conservative \$850/oz.
- Update at higher prices by mid-year.
- South Africa, US and Mali add reserves.
- Reserves increased after depletion.
- Average 16-year life at current reserves.

* Restated to exclude Tau Lekoa

...with a world-class reserve base, even at conservative prices.

12

Opportunity pipeline...building our options

Project investment optionality in the portfolio...

Disclaimer

Certain statements made in this communication, including, without limitation, those concerning the economic outlook for the gold mining industry, expectations regarding gold prices, production, cash costs and other operating results, growth prospects and outlook of AngloGold Ashanti's operations, individually or in the aggregate, including the completion and commencement of commercial operations of certain of AngloGold Ashanti's exploration and production projects and the completion of announced mergers and acquisitions transactions, AngloGold Ashanti's liquidity, capital resources and capital expenditure and the outcome and consequences of any litigation or regulatory proceedings and AngloGold Ashanti's Project One performance targets, contain certain forward-looking statements regarding AngloGold Ashanti's operations, economic performance and financial condition. Although AngloGold Ashanti believes that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct. Accordingly, results could differ materially from those set out in the forward-looking statements as a result of, among other factors, changes in economic and market conditions, success of business and operating initiatives, changes in the regulatory environment and other government actions, including environmental approvals and actions, fluctuations in gold prices and exchange rates, and business and operational risk management. For a discussion of certain of these and other factors, refer to AngloGold Ashanti's annual report for the year ended 31 December 2010, which was distributed to shareholders on 29 March 2011. These factors are not necessarily all of the important factors that could cause AngloGold Ashanti's actual results to differ materially from those expressed in any forward-looking statements. Other unknown or unpredictable factors could also have material adverse effects on future results. The company's annual report on Form 20-F was filed with the Securities and Exchange Commission in the United States on April 19, 2010 and was amended on May 18, 2010. AngloGold Ashanti undertakes no obligation to update publicly or release any revisions to these forward-looking statements to reflect events or circumstances after today's date or to reflect the occurrence of unanticipated events. All subsequent written or oral forward-looking statements attributable to AngloGold Ashanti or any person acting on its behalf are qualified by the cautionary statements herein.

This communication contains certain "Non-GAAP" financial measures. AngloGold Ashanti utilises certain Non-GAAP performance measures and ratios in managing its business. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the reported operating results or cash flow from operations or any other measures of performance prepared in accordance with IFRS. In addition, the presentation of these measures may not be comparable to similarly titled measures other companies may use.
