## MEDIA RELEASE

### Update on the incident at the Kloof Ikamva shaft

**Westonaria, 12 June 2018:** Sibanye-Stillwater (Tickers JSE: SGL and NYSE: SBGL) regrets to update that Mine rescue teams have located the deceased body of the fourth missing employee in an abandoned stope ore pass at its Kloof Ikamva shaft. Specialised proto teams have been working through the night to locate and retrieve the employee but it is currently uncertain how long the retrieval process will take.

The search for the fifth employee continues and further updates will be issued when more information becomes available.

The incident started yesterday after five employees entered an abandoned working area and sadly four out of the five employees passed away. A thorough investigation will be undertaken into the incident.

Sibanye-Stillwater expresses their deepest condolences to the family members, friends and colleagues of the four deceased employees.

Mining operations at Kloof's Ikamva shaft have been suspended for a day of mourning.

Ends.
