MARKET RELEASE

Results of share placing

Johannesburg, 10 April 2019: Sibanye-Stillwater (Tickers JSE: SGL and NYSE: SBGL) is pleased to announce the successful completion of the placing announced yesterday (the "Placing"). A total of 108,932,356 new ordinary no par value shares in the authorized share capital of Sibanye-Stillwater have been placed with existing and new institutional investors (the "Placing Shares") at a price of R15.50 per share (the "Placing Price"), raising gross proceeds of approximately ZAR1.7 billion / US\$120 million (the "Proceeds"). J.P. Morgan Securities plc (the "Manager") was the sole bookrunner in connection with the Placing.

The Placing Shares being issued represent, in aggregate, approximately 5 per cent of the Company's issued ordinary share capital prior to the Placing. The Placing Price represents a discount of 2 per cent to the 30 day VWAP on 9 April 2019 which is in compliance with Section 5.52 of the JSE Listings Requirements. The Placing Shares, when issued, will rank pari passu in all respects with the existing Sibanye-Stillwater ordinary shares in issue, including the right to receive all dividends and other distributions declared, made or paid after the date of issue thereof.

An application will be made to the JSE Limited ("JSE") for the listing of the Placing Shares. Subject to approval by the JSE, Listing and trading ("Admission") of the Placing Shares are expected to occur on the JSE on or around 15 April 2019 (or such later date as may be agreed between the Company and the Manager) and dealings in the Placing Shares are expected to commence at the same time. The Placing is conditional upon, amongst other things, Admission of the Placing Shares on the JSE becoming effective and the placing agreement between the Company and the Manager not being terminated in accordance with its terms prior to Admission.

Placing Shares purchased by persons outside of the United States may not be deposited into the Company's American Depositary Share program until at least 40 days after settlement of the Placing.

Following Admission, the Company's issued share capital will comprise 2,375,192,847 ordinary shares. This figure may be used by shareholders in the Company as the denominator for the calculations by which they will determine if they are required to notify their beneficial interest in, or a change to their beneficial interest in, the Company's ordinary shares under section 122 of the South African Companies Act of 2008.

Pursuant to the terms of the placing agreement, Sibanye-Stillwater has agreed, subject to certain exclusions, to a lock-up arrangement for a period of 120 days from 9 April 2019.

Neal Froneman, CEO of Sibanye-Stillwater commented: "While we remain confident that the current operating and economic conditions will support our deleveraging plans during the course of the year, the enhanced balance sheet flexibility provided by this transaction, will ensure that the Company is appropriately positioned and sufficiently robust to endure any exogenous socio-economic challenges. It is pleasing to note the significant oversubscription of the transaction which is testament to the strong market support for our Company."

Information to Distributors

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("MiFID II"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "MiFID II Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the Placing Shares have been subject to a product approval process, which has determined that such securities are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the "Target Market Assessment").

Notwithstanding the Target Market Assessment, distributors should note that: the price of the Placing Shares may decline and investors could lose all or part of their investment; the Placing Shares offer no guaranteed income and no capital protection; and an investment in the Placing Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Placing. Furthermore, it is noted that, notwithstanding the Target Market Assessment, the Manager will only procure investors who meet the criteria of professional clients and eligible counterparties.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Placing Shares.

Each distributor is responsible for undertaking its own target market assessment in respect of the Placing Shares and determining appropriate distribution channels.

NOTWITHSTANDING ANYTHING IN THE FOREGOING, NO PUBLIC OFFERING OF THE PLACING SHARES IS BEING MADE BY ANY PERSON ANYWHERE AND THE COMPANY HAS NOT AUTHORISED OR CONSENTED TO ANY SUCH OFFERING IN RELATION TO THE PLACING SHARES.
