REIMAGINE SA

REIMAGINE SA

ROOTED IN UBUNTU

Reimagine SA uses the principles of Ubuntu to connect communities to opportunities for building an equal South Africa, where people are included, self-confident and inspired - one community at a time.

LETSEMA PROCESS

WALKING TOGETHER

Organise - Using the Letsema Process to make sure that in the journey of healing, everyone's voice is heard and respected.

Engage - Talk about the past and find ways to heal, share and build ideas together.

Connect - To opportunities for community development, welfare and financial security.

OUR FUTURE REIMAGINED

INSPIRE AND CREATE

Building ideas and opportunities for independent, sustainable and successful business and employment opportunities for all community members, TOGETHER

WALKING TOGETHER

COMMUNICATION, COLLABORATION, CO-CREATION

Inclusion and dignity for all stakeholders
Sharing of wisdom, knowledge and expertise
Building success for each other
Building healthy and thriving communities

HEALING OUR COMMUNITIES

RESPECT AND INCLUSION

Meeting community members to understand each other's needs
Working towards a community level Indaba - talking, sharing, healing and growing together
Better living and working environment
Co-creating opportunities for employment and self-employment, in many other areas of business to only mining
