### **INTRODUCTION**

On 3 February 2017, the name of the company was changed from African Bank Investments Limited to African Phoenix Investments Limited ("name change"). Shareholders are referred to the SENS announcement pertaining to the name change, dated 24 January 2017.

References to "the company" or "the group" in these condensed audited consolidated financial results for the year ended 30 September 2017 relate to African Phoenix Investments Limited ("Phoenix").

The suspension on trading in the shares of the company was lifted on 1 February 2017.

### **BACKGROUND**

The company owns 100% of The Standard General Insurance Company Limited ("Stangen") which is the company's only trading subsidiary.

Since the previous year end, there were no changes in the status of the company's investments in Residual Debt Services Limited (formerly African Bank Limited) ("RDS"), which is still under curatorship. There was also no change in the status of the company's investment in Ellerine Holdings Limited, which is in business rescue. Both of these investments were impaired in full in previous financial periods.

### **FINANCIAL PERFORMANCE**

#### **SUMMARY OF CONSOLIDATED FINANCIAL RESULTS**

The group reported net profit after tax of R186 million for the year ended 30 September 2017 (2016: R491 million). The trading profits were mainly generated by Stangen, but also include recognition of the fair value of the Residual Debt Services Senior Stub Notes (R48 million) and recoveries from

---

Ellerine Furnishers Proprietary Limited (in business rescue) (“EF”) of R45 million in respect of fully impaired claims against EF.

Basic and Headline earnings per share was 13.0 cents for the year ended 30 September 2017 (2016: 33.0 cents and 34.0 cents respectively). Earnings per share from continuing operations improved from a loss per share of 6.5 cents in 2016 to an earnings per share of 13.7 cents for the year ended 30 September 2017.

## **CONSOLIDATED STATEMENT OF FINANCIAL POSITION**

Total shareholder’s equity as at 30 September 2017 is R1.83 billion (2016: R1.64 billion). The group remains both solvent and liquid and has cash reserves of R1.88 billion.

The group statement of financial position as at 30 September 2016 included a R189 million special actuarial liability for Stangen. This special actuarial liability was raised to ensure sufficient provision was made for forecast maintenance expenses given the uncertainty at the time, of the amount of new business the company would be able to generate following the lifting of the section 12 restrictions imposed by the Financial Services Board (“FSB”) on the company’s licence when its erstwhile sister company, African Bank Limited, went under curatorship in August 2014.

Based on trading performance and sales volumes achieved by Stangen in the year under review, the special actuarial liability has been reduced to R127 million as at 30 September 2017.

## **INVESTMENT IN DIFFERENT LIFE PROPRIETARY LIMITED**

During the year under review, Stangen invested in a 15% equity stake in Different Life Proprietary Limited for a cash consideration of R20 million. A further issuance of shares by Different Life Proprietary Limited, as anticipated at the time of investing, diluted the company’s effective holding to 13%.

For accounting and disclosure purposes, the investment in Different Life is categorised as available for sale held at fair value through other comprehensive income (level 3 in terms of the fair value hierarchy) and except for this financial asset, there were no transfers to or from level 3 in the current or prior year.

The fair value of the investment has been determined by inputs that are not based on observable market data. The budgeted future expected cash flows from the underlying entity have been discounted at the company’s expected rate of return over a three year period, taking inflationary growth into account. Other unobservable inputs noted in the calculation relate to lead costs, average premium, NTU rates, strike factors and various cost assumptions.

## **DISCONTINUED OPERATIONS**

Stangen concluded an agreement and financial settlement with African Bank Limited and RDS in respect of its run-down credit life portfolio, effective 1 April 2016. The agreement passed 100% of the risk and benefit in that credit life book to Guardrisk Life Limited (“Guardrisk”) until such time as the run-down credit life book is transferred to Guardrisk.

The transfer of the run-down credit life portfolio to Guardrisk, arising from the settlement with the banking parties, was approved by the FSB on 8 June 2017, with an operative date of 30 June 2017.

---

Stangen therefore has no credit life exposure and has resolved all the legacy matters following the termination of relationships with RDS and African Bank Limited.

## **CONTINGENT LIABILITIES**

A number of EF employees have claimed amounts due to them from EF and Ellerines Holdings Limited (in business rescue). The amounts claimed by the employees amount to R42.6 million. The employees are also seeking to recover this amount from Phoenix. The legal opinion obtained by the group states that the group is not liable for payment of the amounts claimed. Accordingly, the group has not provided for this contingent liability. The parties, including Phoenix, have agreed to settlement via arbitration, which process has commenced and is ongoing.

## **GOING CONCERN**

The Board concluded that the preparation of the financial information on a going concern basis is appropriate.

## **DIVIDENDS**

No ordinary or preference dividends were declared in the current period (2016: Rnil).

## **DIRECTORATE**

The following directors were appointed to the board of directors of Phoenix (“Board”) during the year under review.

John Evans	(date appointed: 1 October 2016)
