Financial results presentation

for the year ended 31 December 2014

The journey from emerging markets to Africa

Purpose

- Group purpose
 - "Africa is our home, we drive her growth"

Legitimacy

- Our vision is "to be the leading financial services organisation in, for and across Africa, delivering exceptional client experiences and superior value"

Vision

- The group's guiding principles provide the mechanics for how we operate and make decisions

Principles

- Commitments we make to our clients
- The culture we wish to build for our people
- The way we execute

Values

Standard Bank's strategic position has never been stronger

- Closed the sale of Standard Bank Plc
 - Delivered the final major piece in the repositioning of capital allocation to focus on customers and clients in Africa
 - Exciting new partnership with ICBC will allow us to leverage our natural competitive advantage in natural resources
- We are geographically well positioned
 - Pre-eminent financial services brand on the African continent
 - Investments in Africa are performing closer to their potential
 - Investment in physical infrastructure largely complete
- The investment we are making in IT will position us as a fundamentally different bank

Group purpose ~ CIB

- Group purpose
 - “Africa is our home, we drive her growth”
- We are an African bank where our entire focus is on Africa realising its potential
- To make the most of our home advantage and deliver on the bank’s purpose, CIB’s aspiration is
 - “To be the leading Corporate and Investment Banking business in, for and across Africa, with a deep specialisation in natural resources.”
- CIB’s competitive advantages
 - African heritage of over 150 years
 - Presence on-the-ground
 - Exceptional people
 - Connecting Africa to the world, and the world to Africa
 - Expertise in Africa’s natural resources and power and infrastructure

Key features of the results

- At first glance, disappointing results
 - Headline earnings down 23%
 - ROE down to 10.2%
- Results of Standard Bank Plc impacted headline earnings
 - Valuation adjustment related to aluminium financing in China
 - Losses from operating activities in Global Markets Outside Africa
- Successfully closed sale of Standard Bank Plc to ICBC
- Strong underlying business performance
 - Continuing operations headline earnings up by 26%

Aluminium valuation adjustment

What happened?

- Sophisticated fraud in China in the mining and metals sector
- Multiple financing over single inventories of metal
- Over 20 banks are believed to have been impacted by the fraud
- Related to \$167m of aluminium for CIB

What did we do?

- Undertook a rapid risk review of all such financing arrangements
- Aggressively analysed, managed and dramatically reduced repo portfolio in China
- Pursuing all legal and financial avenues to expedite resolution
 - Addressing the matter in the Chinese courts
 - Comprehensive insurance claim
- Exceptional people have responded to our call to deal with the complexity and scale of the matter

Aluminium valuation adjustment

How do we feel?

- Victim of a sophisticated and isolated crime
- Extremely disappointed
- Lesson learnt and applied elsewhere

Standard Bank Plc trading performance

What happened?

- Transitional phase and adverse market conditions
 - Limitation of on-boarding new clients
 - Volatile markets, particularly in the fourth quarter
 - China slowing down its demand for natural resources
- Trading revenue \$87m down on prior year, driven by
 - Poor performance in FIC business
- Valuation adjustment of \$147m in commodities

What did we do?

- Preserved client franchise, the morale of our staff and the confidence of our regulator
- Continued to operate within our risk appetite
- Injected \$300m as Tier 1 capital
- Closed the transaction with ICBC

A new chapter for Standard Bank Plc and ICBC

- Sale transaction to ICBC complete, closes chapter for Global Markets Outside Africa business
- Signals new chapter for the business
 - CIB will continue to account for 40%
- Unique and commercially compelling opportunity to build
 - Pre-eminent commodity and financial markets platform
 - Focused on emerging markets and China in particular
 - Now a part of the biggest bank in the world
- Launch event, February 2015, President Yi from ICBC
 - "It is unequivocally a landmark transaction for ICBC and for China"

CIB business going forward

- Sale to ICBC is a game changer for Standard Bank
 - Allows us to focus on what we do best
 - Focus on Africa while maintaining connectivity to rest of the world
 - Capital available to further the group's growth strategy
- Strong performance from continuing business
 - Grew revenue by 14% while direct costs were only up 8%

Cost control whilst investing in new core systems and capabilities

Why the significant investment in IT systems and capabilities?

- Enable our vision
 - To be the leading Personal and Business bank in Africa
- Improve customer experience and revenue
 - 360° view of the customer
 - Enhance cross-sell through advanced analytics and focused marketing
 - Improve online fulfillment and personalisation
 - Accelerate go-to-market innovation
 - More intuitive, consistent omni-channel customer interaction
- Improve efficiency and reduce risk
 - Digitise the whole bank front to back to provide faster, improved and more reliable business processes and turnaround times
 - Ensure we can effectively comply with more onerous regulatory requirements

Why the significant investment in IT systems and capabilities?

- Improve IT capabilities and architecture
 - Transform the bank from ageing legacy, branch-based, batch, siloed product systems to customer centric, online, integrated, real time systems
 - Simplify our IT architecture and become more efficient, responsive and agile
 - Achieve better economies of scale by partnering with leading global software vendors, rather than building own proprietary systems
 - SAP and Finacle are the leading customer-centric banking platforms – Gartner and Forrester
- Improve our people’s ability to better service our customers
 - Equip staff with appropriate modern capabilities to more easily service clients quickly, efficiently and proactively
- In short – to be easy to do business with, convenient, responsive and relevant to customers future expectations

IT investment is building the bank of the future

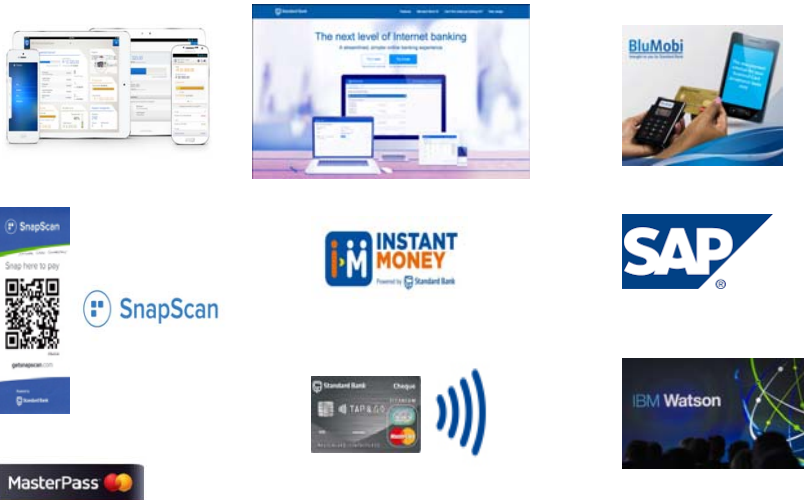

- Investment across all levels of our chosen five tier architecture
- Particular emphasis on core banking replacement and mobile user experience

Our new IT capabilities are gaining traction to build a better bank

- Scale
 - 8.6m customers on new platform in SA
 - 2.2m customers on new platform in the Rest of Africa
 - Operational in six key countries – Nigeria, Ghana, Namibia, Uganda, Botswana and Tanzania
 - 680m transactions processed during 2014
- Service
 - New service and leads management solution delivered in SA
 - 2.6m service requests logged since launch in 2014
 - 140k leads logged since launch
 - True single view of customer imminent on single customer master file in SA
- Agility
 - Mobile account origination in less than 8 minutes and in branch less than 12 minutes
 - New product deployed in less than 6 weeks

Ambition is to **complete** our core banking programs across South Africa **and** the Rest of Africa by end of **2017**

New platforms enabling a better more innovative bank

Moving forward

- Driving the continent's growth through enabling our customers
- Accelerate digital journey by leveraging new systems and processing capabilities
- Further reduce Inclusive Banking losses
- Improve the competitive positioning of instalment sale and finance leases
- Oil price reductions helping in SA, but creating headwinds in Nigeria and Angola
- Ensure Rest of Africa profit contribution improves materially
- Committed and enthusiastic teams determined to succeed

Conclusion

Sim Tshabalala

Moving forward: Optimal positioning in Africa

- All major strategic issues resolved
 - Sale of 60% of Standard Bank Plc
 - Outside Africa businesses sold; Brazil sale to be completed in 2015
- Powerful external forces
 - Digital revolution and new competitors
 - Comprehensive re-regulation
 - Sustained growth in Africa

Sustained performance from Rest of Africa

Africa is our home, we drive her growth

- Our strategy is clear and we are focused on execution
- We are well on track to meet our medium term ROE target of 15 – 18%
 - Encouraging outlook in all continuing operations
 - Continued improvement in return per RWA for continuing business
 - Good growth in capital-light transactional banking
 - Identified significant wealth management opportunities
 - Sound capital ratios and efficient capital deployment
 - Careful cost management
 - Invigorated organisation determined to improve returns to shareholders
